The purpose of our school is to meet an ongoing need in Winter Park and the surrounding communities for an early childhood education program of the highest quality. At *First Congregational Church Weekday Preschool & Kindergarten*, we strongly believe that active play is the most natural way young children learn. Our curriculum abounds with activities that encourage children to create, explore, invent, observe, listen, question, imagine, dance, sing, and more! In addition, our learning experiences cultivate a firm foundation for academic endeavors, focusing on the unique development of each child's social, emotional, physical, and cognitive abilities.
